X100C for iOS and Android

The X100C is a perfect on-board key programmer tool which is a dedicated device for Ford, Mazda, Peugeot and Citroen.

• Layout of X100C:

① Power Indicator: It turns green when power is on.

② Bluetooth Indicator: It turns red when Bluetooth is not connected; it turns blue when Bluetooth is connected successfully.

③ Vehicle Indicator: When X100C is connected with vehicle successfully, it turns green.
④ DB15 connector: Connect the vehicle via test cable.

• Features:

***Vehicle Compatibility**: X100C works with four car brands, they are Ford, Mazda, Peugeot and Citroen.

***Bluetooth auto-reconnection**: Once the Bluetooth is paired, you don't need to input the code to pair with your phone anymore. The device will reconnect with your phone automatically.

*Connection: Connection via Bluetooth (Android and IOS)

***Free update:** Download the latest iOBD2 App with new features from Google Play or Apple Store.

X100C is a dongle which is used to read PIN CODE and do key programming via OBD2 socket with your cell phone. It supports Ford, Mazda, Peugeot, Citroen and DS. It is user friendly and with Multilanguage.

It can read Pin code for following models, but is not limited to following models.
